disabilities.

Informing, Enabling, Improving

About Us

The Disabled Persons Housing Service Aberdeen is a local charity offering housing information, advice and advocacy to disabled people, including veterans and older people with age-related illness.

Are you disabled and in need of advice on your housing options or do you know anyone who is?

We can provide advice on or access to:

- Social housing options through the local council or housing associations
- Options to buy or rent
- Housing application forms
- Home visits where necessary
- Hospital visits to disabled patients
- Signposting to money advice and welfare rights
- Adaptations - home owners or tenants
- Entry onto our client database
- A matching service between you and the most suitable housing
- Advice on Housing Law

We work closely with our colleagues in health, housing and social care to provide a joined up solution for all your housing needs.

Our Services

Disabled Persons Housing Register

A computerised register of people with disabilities seeking suitable accommodation in the area.

Veterans Voice

Bespoke housing advice to disabled veterans of the Armed Forces, Police, Fire Service and Merchant Navy.

No Place Like Home

Person centred housing advice to people over 65 with a disability or age related illness.

Telephone or Face to Face advice

We will visit you at home or in hospital or give you guidance by telephone.
